

The Town of Burstall extends its sincere appreciation to all residents for their prompt snow removal efforts and for assisting neighbors in the recent snowfall.

Every effort was made to clear streets and cul-de-sacs as efficiently as possible. Residents are reminded that priority routes include Emergency Building, Water Treatment Plant, Truck route and School, and Main Street. All other streets and cul-de-sacs are not forgotten and are addressed as soon as possible.

Residents with an immediate or urgent need are encouraged to contact the Mayor or a member of council, and every effort will be made to address immediate needs.

Please also be reminded that snow removed from private properties must remain on the owner's property and should not be blown or shoveled onto the streets or adjacent properties.

Thank you for your cooperation and continued consideration.

The Town of Burstall Council and Staff would like to extend wishes of Hope, Joy and Happiness to all residents this Christmas Season. Enjoy time spent with family and friends.

CAO Town of Burstall
