

The Town of Burstall would like to provide the following update regarding the water tank project:

• **LEVEL 4 WATER RESTRICTIONS REMAIN IN EFFECT**

- Filling of the water tank is now complete
- Water samples will be collected and submitted for testing this week. Once approval is received from the appropriate government authorities, the Town will provide another update outlining next steps.
- The **truck fill** at the Water Treatment Plant remains **Out of Service** until further notice.
- Residents and users who are filling water from the Town of Burstall dugout north of the landfill are asked to please notify the Town Office.

Town of Burstall appreciates your cooperation as we work through the final stages of this major infrastructure project.
