

Keeping the 'All' in Burstall...

August 2026

Greetings,

I hope this message finds you well as we are soon to enter a fresh start into a new month.

Councillor May and I attended Council School in Regina on August 13 & 14. There were 58 attendees, both Mayors and Councillors from across Saskatchewan. Presentations were given by Brownlee LLP, SK Ombudsman Office, LAFIOP board on Privacy and Access, and a presentation by Dr. Gordon McIntosh on Collaboration, to name a few. Insight as to what other communities are both struggling with and moving forward with, as well as networking, are positives we can bring back to our community.

The Town of Burstall Off-Leash Dog Park at the ball diamonds is officially open. Signage and a dog waste dispenser are installed, with park rules posted for everyone's benefit. Again, thank you to the local Burstall & District Lions Club for their volunteer work on fence and gates.

Infrastructure improvements/maintenance for August include crack sealing streets, fire hydrant repair, and possible tree trimming.

A huge thank you to TC Energy for donating to our Fall Fair 2026, and donating additional funds to curling rink, swimming pool, golf course and skating arena. Funds were also allocated toward dog park costs.

Approximately ten houses have sold in Burstall in the last two to three months. In addition, the local shutdown at Keyera has increased business in Burstall. Love our community?? Contact the Town Office @ 679-2000 or burstall@sasktel.net regarding lots for sale.

Town of Burstall welcomes Doug Parker and would like to congratulate him on opening Doug's Convenience just west of Burstall, and also to Shevy's Pizza and Treats expanding their seating to an outdoor gazebo. All positive steps in moving Burstall forward in a "Better Way of Life".

Don't forget to "Let the Gourd Times Roll" at the 43rd Annual Fall Fair – September 19!

Sincerely,

Mayor Bodnarchuk
