

Keeping the 'All' in Burstall...

September 2026

Greetings,

I hope this message finds you well as we start seeing the beautiful signs of autumn.

The Burstall & District Fall Fair recently held on September 19 is one of the largest fundraisers for our community, and was very well attended once again. This event requires many months of planning, and a large group of volunteers to be successful. The profits go right back into our community and we anticipate seeing the profits for 2026.

Town of Burstall has received its first installment of \$9,603.60 in funding under the Build Communities Strong Fund for 2026-27. This funding is aimed at contributing toward the shared objectives of productivity and economic growth.

Council and Foreman have a few projects underway. A secondary containment sea can for waste oil and antifreeze located at the landfill and will be accessible during landfill hours. This project is not yet complete. Watch for notices.

Thank you to A1 Tree cutting for cutting down dead trees in Lion's Park and pruning additional trees. Stump grinding on several old stumps has cleaned up the area nicely around the play structures.

Hydrant flushing has been completed, lagoon dump site had reinforcement work done, missing street signs will be replaced, crack sealing has been delayed, however should be completed in the next couple weeks. Yard waste debris pick-up on Tuesdays will continue for October. Watch for notices for the last pick-up date.

Burstall & District Community Centre is donating \$85,000.00 to the Town of Burstall for paving of the parking lot between the Community Centre and Prosperity Credit Union. The paving project must be completed before December 31, 2029.

Reminder: Burstall's Fall Supper is on Sunday, October 4 from 4:30 – 6:30 at the Burstall & District Community Centre.

Sincerely,

Mayor Bodnarchuk
